

Cover Letter

Dear Hiring Manager,

I am writing to express my interest in the opportunity at Bright Money. I am a recent Bachelor of Technology graduate in Electronics and Communication Engineering with a strong interest in software development and technology.

During my academic journey, I gained knowledge in Java, HTML, CSS, MySQL, and object-oriented programming. I have also worked on projects such as a Cafe Management System and an Automatic Speech Recognition application, which helped me strengthen my problem-solving, teamwork, and programming skills.

I am a quick learner, hardworking, and eager to grow in a challenging environment. I believe my technical skills, positive attitude, and willingness to learn make me a suitable candidate for your organization. I am excited about the opportunity to contribute to Bright Money while continuously improving my skills and delivering quality work.

Thank you for considering my application. I would appreciate the opportunity to discuss how my skills and enthusiasm align with your team's needs. I look forward to hearing from you.

Sincerely,

Chillamcharla Thilak
